

Local people are turning to Rosaleen Egan as their strong voice for MILFORD

"End the deceit at Tory run Waverley Borough Council".

Rosaleen Egan is the right choice for Milford on 2nd May 2019

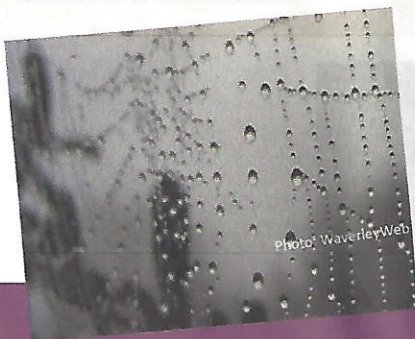

Enough is enough! It is time for local Milford residents to have a true say in the management of our borough. We must end rule by Tory Party apparatchiks who kowtow to whatever their masters decide. Of the 57 local councillors, 51 are Conservative who ignore residents' concerns because they are whipped to always vote along party lines.

Many Tory councillors barely attend meetings. This March alone, one Conservative councillor was banned from office because he had attended no meetings at all for six months. But he still claimed his cash allowances for this period!

The Surrey Police Commissioner called a meeting in Milford on the rising level of burglary and crime in the village. No Conservative councillor - not one of the 51 - bothered to attend.

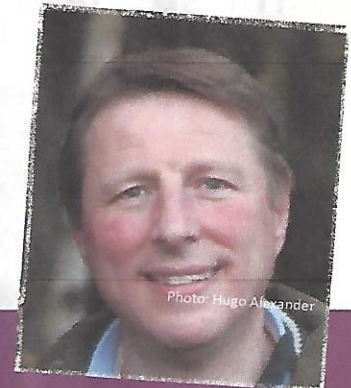

Rosaleen is the independent, local voice Milford needs. This is how those who know her describe Rosaleen:

"Well done Rosaleen that you have dug even deeper into the festering refuse pit that is Surrey County Council. We could do with more people like you."

"Community is very important to Rosaleen. She cares for those in need and goes the extra mile to achieve help. She delivers results."

"Rosaleen has a strong sense of right and wrong. She is appalled when those in authority abuse their position or act against residents' interests."

The Tory council have:

- *Hidden a major fraud
- *Hidden the true rate of air pollution
- *Failed to get a Local Plan in place for over 13 years
- *Allowed developers to concrete over our green fields
- *Wasted millions of pounds on the Farnham Brightwells development
- *Claimed to have saved Green Oak School when they actually tried to close it!

The Tories can't be trusted.

Rosaleen and UKIP is the *right* choice for Milford on 2nd May

- ✓ No development without local referenda
- ✓ Brownfield before Green Belt development
- ✓ Voting according to residents' wishes, not a Party Whip
- ✓ Holding council officers accountable for their actions
- ✓ Improve local democracy by having an increasingly effective opposition
- ✓ Milford is our home. It needs protecting. It needs improving.
- ✓ Milford needs a voice.
